WORD CLEARING SUCCESSES

A. WORD CLEARING SUCCESS FROM FLAG D of T:

"When Ron put in full Word Clearing technology the FEBC daily student points average was greatly increased.

First a Supervisor finds the misunderstood word without a meter. If he can't and doesn't resolve it then another Supervisor or I would find it using the meter.

If we couldn't find the word and resolve it the student would get full Word Clearing in Qual.

The Word was always found on one of these steps.

The Students soon became conscious of exactly what caused them to bog - even slightly - before full dope off.

It's another incredible piece of technology.

B. SUCCESSES FROM SUPERVISOR - WORD CLEARING:

"I found out meanings for words that I hadn't known before. It's a good action.

W.T."

"What a maze of unbelievable confusion can lead back to a simple little misunderstood word. Wow! What a win. Thank you.

Share Sidell"

"The only reason a person gives up study or feels bored about it is because of misunderstood words. Since I started clearing all the words things are different. I was planning to leave the OEC - now I'm looking forward to finishing it.

Wilfredo Prieto"

"Word Clearing! Again when LRH says a misunderstood word or symbol is behind all problems in study he means it. Clear them up and start seeing straight again.

S.S."

C. SUCSESSES FROM METERED WORD CLEARING IN THE COURSE

ROOM:

"I just had some Word Clearing. I really cognited on what product and organize mean. It's fantastic.

Andre Tabayoyon"

"Having the Word Clearer on course is really great. He has saved me what could have been many miserable hours wrestling with misunderstands.

Use him. It's magic.

Doug Gomke"

"My last Word Clearing was on the cans and boy did I come out bright!! Damn - just do it like it says and what a winner!!! It was so good I told my fried and she's going in to get some too. Boy you can really have enormous wins doing this Word Clearing as per HCOB. Yes Sir!!

Sally Chaleff"

"I just want to put down in a success form the wins I've had from the Word Clearer. Having him available to find that one word has helped me speed through the courses I've had. He may just sit in the course out of the way seeming to be unimportant at times but he is truly a big aid to all students. If you're having trouble - use the Word Clearer.

Chuck Toftness"

D. SUCSESSES FROM SESSION WORD CLEARING:

"I just cleared up a whole load of misunderstands on targeting and also on the Bureaux System. I was amazed how problems on targeting could originate from basic misunderstands on photography (of all things) and how Bureaux went back to problems in filling out my tax forms for the Government (Jeez! those tax forms are really screw-ball).

Thanks to Ron and my Word Clearer.

John Bradley"

"I just had a great Word Clearing session. It really cleared some big things up. I really loved it. It's very very basic and powerful.

Rosi Levman"

"It was fantastic! I found a basic big fat "rat" (laughing) called enforced religion and blew it. A lot of things were intermingled with disagreement and protest. I reached several basics and felt tremendous relief to cast off another lie. Thank you Ron for this tech.

Maria Olleros"

"The Word Clearing session I had was really terrific. I thought I didn't have any misunderstands as I always "look them up in the dictionary", but in the session I unearthed basic misunderstands which had caused me to go into apathy about discovering things about life, - and the reason for blowing from earlier subjects and throwing away old abilities. I'm very excited about what Word Clearing can do. It's like a Grade as it restores ability.

My thanks to LRH, for this great tech, and to my Word Clearer, for a great Session.

Peggy Moreshead"

"What an experience! I had done it on a pc and I saw his gains, but having had it done on me really gives a totally new reality.

It reached so far and into such depths that I couldn't help but end up exteriorizing.

Since then I haven't stopped noticing things I had never seen before. It is the real proof that a block was removed from my ability to duplicate and understand.

ARC for the environment increased no end.

Pedro Doria"

E. SUCSESSES OF WORD CLEARERS:

"Meter Word Clearing is a gas. Students are finding misunderstands all over the track and blowing tons of charge - brightening up and getting on with it.

Walt Voekler"

"If you consider the main purpose of Word Clearing to assist the student to study faster and easier, then it's always but always successful. Yet in the time I've been doing it I've seen case changes and other phenomena which I can only describe as fantastic through finding and clearing words by any of the 3 methods.

In a great percentage of students I've seen major case changes. A year's hang up on a dynamic, disintegrate on locating and clearing a couple of words. A remarkable exteriorization on finding a very basic word. A Renewed enthusiasm for a five year contemptuously discarded subject, achieved in less than half an hour. The "scourest" of people turns into a very cheerful person. Several "chronic high TA" cases blow down from 5.0+ and float. Extreme natter and upset gradually fade right away as words were found and located. An amazing return of recall (whole track) and certainty, and many more I could name.

It's the first time I've spent so much time on a specialized rundown and it sometimes takes a great deal of confront and persistence to get through a student's confusion but you can be certain that by persisting, no matter which method

you're using, you will always always always increase that student's understanding.

And often as a bonus give him a major case win, (especially in the auditing rundown).

I wouldn't have missed it for the world.

Love,
Ron Hopkins"
