HOW TO USE THIS CHART

This chart describes a route to human recovery and an ultimate expansion of one's ability and power as a spiritual being. The field of human recovery belongs to DIANETICS. Above this we enter the area of SCIENTOLOGY, which brings an individual to higher capabilities.

The chart could be conceived as a map of the expansion of life, showing at each level the realization of a greater potential, with at the left under **Training**, a new knowledge and skill in handling life, in the middle column, an expanded **aw
